

## Pop-Out Flat Access Door Panel

For quick access to plumbing parts, wiring or any other locations where access is required at regular intervals, a solid Flat Access Door Panel like this one is going to be crucial. Featuring a convenient pop-out door, this panel is designed to blend in with your drywall, and is created from glass fiber reinforced gypsum for increased strength. Available in rounded or squared corner styles.

### Installation Guide

#### Step 1:

Create the rough opening, making sure to add the inside framing.

#### Step 2:

Fasten the panel to the framing with drywall screws.

#### Step 3:

Tape and apply drywall compound to the panel and the surrounding area.

#### Step 4:

Sand and apply either texturing or paint for your desired finish. No surface preparation is required.

#### Note:

See framing drawings to the right for both Pop-Out and Hinged Flat Access Panels.
